

## Reliable, Smart Business Phone Service

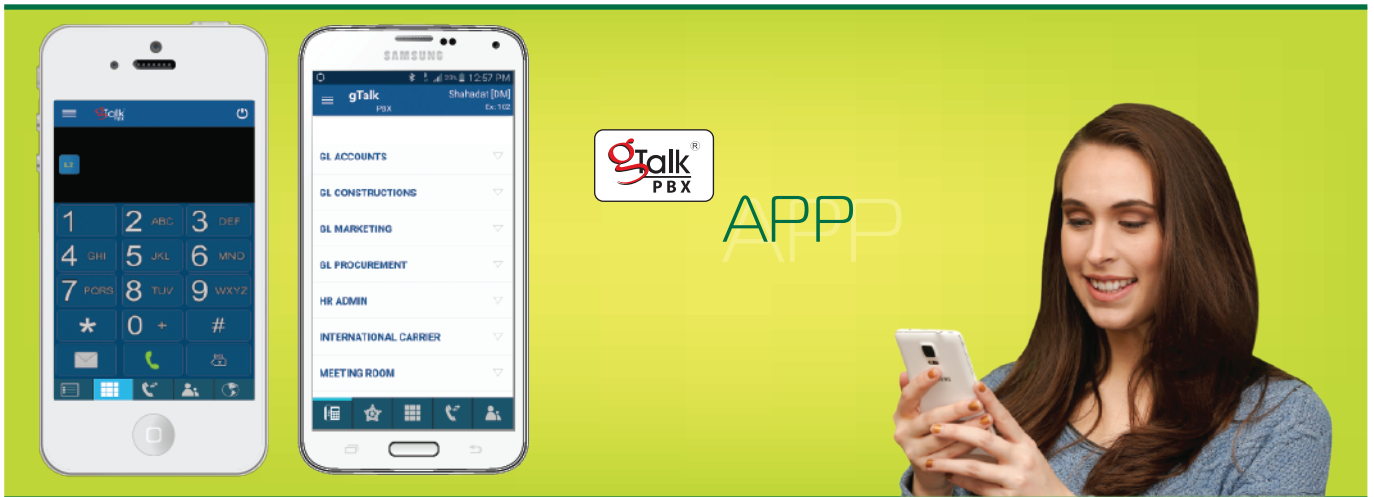

**gTalk® PBX** is a user friendly, feature rich, and robust Business Telephony service over IP. This PBX solution supports today's mobile work-force. It integrates seamlessly all employees, whether inside or out of office in remote locations or on the road into the corporate communications system, letting them work as a single team. gTalk® PBX mobile application (app) for Android and iPhone sets offer multiple features for users on the go enabling increased productivity, enhanced customer service and cost savings.

### Key Benefits:

- Affordability - lower operating costs by 40% to 60% (if currently using traditional PBX).
- Reliability- world class dependability
- Simple to use – no complexity
- Quality - crystal clear voice quality
- Feature rich - with all latest user friendly features
- Easy intuitive web control panel - make your own changes
- Highly scalable – add extensions, remote workers, mobile apps instantly
- Flexibility - Connect multi location businesses under a single PBX platform
- No maintenance headache
- Corporate directory and extension dialing

## Be There - No Matter Where You Are !

Extending the power of communications to your smartphone by gTalk PBX app

**gTalk®** Mobile app (Android and iPhone) mobility solutions allow employees to stay connected no matter where they are.
